The Montana Food Bank Network (MFBN) is Montana's only state-wide food distribution resource. MFBN secures and distributes donated and low cost food and grocery products to over 200 hunger relief agencies throughout Montana. MFBN works to meet the immediate need for food in our home state while also advocating at the local, state, and national level for policy changes to help eliminate hunger and food insecurity in Montana. Through our food acquisition partners and donors, a \$1 donation to MFBN can provide enough food for three meals. Working together with partner agencies, food distributors, agriculture partners, donors, advocates, and other supporters MFBN will end hunger in Montana.
