Habitat for Humanity is known for building affordable housing. Today, we are constructing fabric masks to meet the demand for PPE.

If you are searching for masks for your staff members or the public, we can help a little or a lot. We are happy to take small orders or large orders at \$10 each. All profits go towards pursuing our goal of building more affordable homes in our community.

FEATURES	BENEFITS
Cotton or jersey knit fabric	Breathable, washable, reusable
Jersey knit ties	Allows for a custom fit; easy to pull up over the head one-handed, or pull down and leave around your neck
Solid color or fun patterns	As a personal product, allows for one's personality to shine through
Hand-crafted by local nonprofit	Enables us to act on our core values of strength, stability, self-reliance – <i>and resilience through this crisis</i>
